Matt S. volunteered to serve on the committee to study this proposal along with present members of Jim S., Mike C., Mike S. and Bob Morgan Sr. Motion by Scott E. and seconded by Dave L. to set aside \$5,000 from the \$100,000 that was designated to fund the “2020 Custer County Fire Delivery Study” to be used to pay Jim S. for hours and mileage to pursue the proposed Fire Coordinator position. Motion carried. Jim S. noted the committee for the Highway 385 corridor proposed fire district will need feedback from all departments to be successful.

6) New Business

- A) Distribution of remaining supplemental funding –
- B) Status of P25 Radio Funding – Discussion was held on both these topics together. We will need to get a number of radios that will be needed for all fire departments to be compliant with the new system. There was discussion on the accident that occurred with a Custer Highlands Fire Truck on July 7th. Folsom has a Kaiser Jeep 6x6 with 2500 gallon tank to lease to Custer Highlands until they get a replacement. Jim L. said Custer County would be willing to cover the cost of the replacement truck until the insurance money was received and could be paid back to the county.
- C) Updates from Departments on what they spent the money on from supplemental funding thus far – departments need to give these to Terri C. to share with the county commission.
- D) Funding from the Fire Advisory Board to address radio communications in the Highlands Fire jurisdiction – Discussion held on issues with the radio communications in the Custer Highlands area. Motion by Scott E. and seconded by Klinton R. to authorize the expenditure to have the repeater looked at to make sure it is functioning correctly and receive an estimate for any repairs required, with the bill being split between the different taxing entities that utilize the tower. Motion carried. Motion by Klinton R. and seconded by Casey B. to authorize Matt S. and Scott E. to move forward with contacting the necessary personnel to get this done. Motion carried.
- E) Special critical needs that we need to address the commission with to request for 21 budget – from your 5-year plans – Custer Highlands will need to replace the truck that damaged and address the communication needs in that area.
- F) 2021 Budgets due – The Custer County Commission will start the discussion on 2021 budgets starting July 22, 2020. Please get any changes for a Department’s budget to Terri C. by the end of the month.
